In re Application of Mirme	:	
Application No. 10/765,740	:	Letter Regarding PTA
Filing Date: January 27, 2004	:	
Attorney Docket No. 3619.14US01	:	

This letter is in response to the "Patent Term Adjustment Letter of Candor and Good Faith," filed December 5, 2006. Applicants request that the initial determination of patent term adjustment under 35 U.S.C. 154(b) be reviewed for accuracy.

The request for correction of the initial determination of patent term adjustment (PTA) is **GRANTED**. The determination of PTA at the time of the mailing of the Notice of Allowance is 53 days.

The Office has updated the PAIR screen to reflect that the correct Patent Term Adjustment determination at the time of the mailing of the Notice of Allowance is 53 days. A copy of the updated PAIR screen, showing the correct determination, is enclosed.

On November 1, 2006, the Office mailed the Determination of Patent Term Adjustment under 35 U.S.C. 154(b) in the above-identified application. The Notice stated that the patent term adjustment to date is 84 days.

The Office initially determined a patent term adjustment of 84 days based on an adjustment for PTO delay of 123 days, pursuant to 35 U.S.C. 154(b)(1)(A)(i) and 37 C.F.R. 1.703(a)(1), and reduced by 3 days and 36 days for applicant delay pursuant to 37 C.F.R. 1.704(b).

A review of the record reveals that Applicants should have been assessed an additional delay of 31 days. A reply to an Office action was filed September 30, 2005. An IDS was filed on October 31, 2005. The IDS was not expressly requested by the examiner and did not include a 37 CFR 1.704(d) statement.

Per 37 CFR 1.704(c)(8), the period of adjustment will be reduced when a supplemental reply or other paper is filed after a reply has been filed. The period of adjustment will start from the date after the submission of the first reply and will end on the date that the supplemental reply or other paper is filed. This category does not apply to papers expressly requested by the examiner.

MPEP 2732:

37 CFR 1.704(c)(8) establishes submission of a supplemental reply or other paper after a reply has been filed as a circumstance that constitutes a failure of an applicant to engage in reasonable efforts to conclude processing or examination of an application. The submission of a supplemental reply or other paper (e.g., an information disclosure statement (IDS) or petition) after an initial reply was filed requires the Office to restart consideration of the initial reply in view of the supplemental reply or other paper, which will result in a delay in the Office's response to the initial reply. 37 CFR 1.704(c)(8) does not apply to a supplemental reply or other paper that was expressly requested by the examiner. If an amendment is requested by an examiner, the examiner will have the paper processed so that it is included as part of an interview summary or examiner's amendment and not a separate paper for PALM to flag in the patent term adjustment calculation. 37 CFR 1.704(c)(8) also provides that in such a case the period of adjustment set forth in 37 CFR 1.703 shall be reduced by the number of days, if any, beginning on the day after the date the initial reply was filed and ending on the date that the supplemental reply or such other paper was filed.

In view of the previous facts, the correct determination of PTA at the time of the mailing of the Notice of Allowance is 53 days (123 days of PTO delay reduced by 80 (31 + 3 + 36) days of applicant delay.

The instant letter was the result of the good faith and candor of applicant. Since the instant letter was only filed to advise the Office of an Office error, and not to increase the patent term adjustment, the \$200.00 application fee under 37 C.F.R. 1.705(b) will not be charged to petitioner's deposit account.

The application file is being forwarded to the Office of Publications for issuance of the patent. The patent term adjustment shown on the patent (and in the Issue Notification mailed approximately three weeks prior to issuance) will include any additional patent term accrued pursuant to sections 1.702(a)(4) and 1.703(b).

Telephone inquiries regarding this communication should be directed to Petitions Attorney Steven Brannley at (571) 272-3203.
